EXPERIENCE

bdCalling IT Ltd, Dhaka — Data Analyst

April 2018 - October 2022

I was responsible for web automation and data analysis. I successfully completed so many projects. I used Python as a programming language and its popular packages. FX: Pandas, Numpy, Selenium, etc.

bdCalling IT Ltd, Dhaka — Web Design, Digital Marketing

October 2022 - September 2023

I was promoted for leading 12 members of a team where I completed many fronted projects and promoted the client's business on google ads. I've learnt project management, team management, and client management.

Tech-stacks: Reactjs, NextJs, Prisma, MySQL, MongoDB etc.

Softvence IT Ltd, Dhaka — Business Development Manager

September 2023 - Now

I make things happen for my clients by turning their ideas into reality. I assess their needs, plan carefully, and get things done the right way.
